About the Artist:

Karen Eliot

Karen Eliot and Monty Cantsin are two "multiple names". Used by artists and activists across the globe for the last 10 years, they are irresponsible for many actions that go on, yet remain un-claimed and un-named. Identity matters not. This is for the whole planet. Not ME. Not YOU. Everyone. Thus, we remain Karen. So people know who to blame. To inspire others to be Monty. You can do it. We can change. Anyone can go out at night with a spraycan. Anyone can photocopy an idea. Anyone can talk to their family and friends about freedom. Break down the relationships of authority. Think for yrself. Anyone can Refuse.

We cannot even imagine the freedoms possible. Be Karen Eliot today.
